LB 719A, 897, 1244, 1269

SENATOR LAMB: One minute, Senator.

SENATOR HALL: ...that to be paid for out of that fund that would be established. With that, Senator Lamb, I would urge adoption of the amendment. Clearly, the first two parts, I think, are extremely noncontroversial. The third part, dealing with the LB 1244 any or all of the proposals could be divided for purposes of debating them. The tax is collected, but we need an appropriation, and I have the same problem with the bill, with the amendment that, with your amendment where it includes the bill I introduced. In fact, I think you and I cointroduced it if I remember right, maybe,...
